WARNING

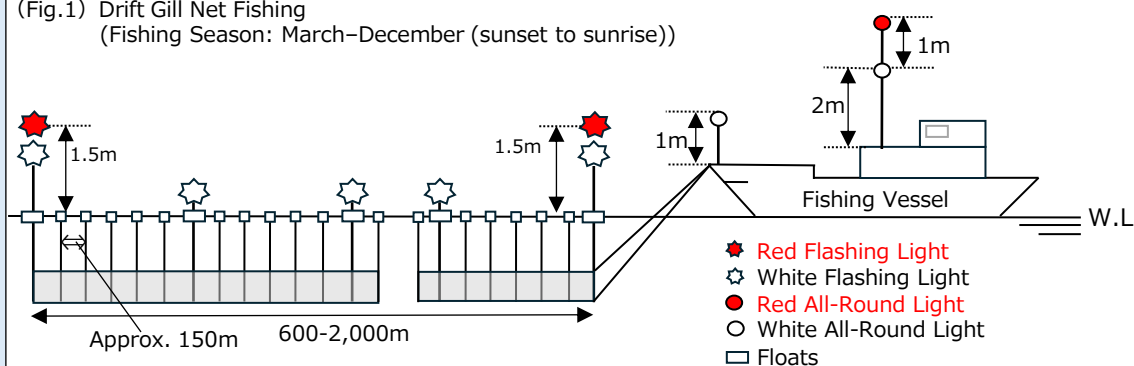

DRIFT GILL NET FISHING OPERATIONS Off UBE PORT AND ONODA PORT

Drift gill net fishing operations are conducted off Ube Port and Onoda Port from March 1 to December 31, generally from sunset to sunrise.

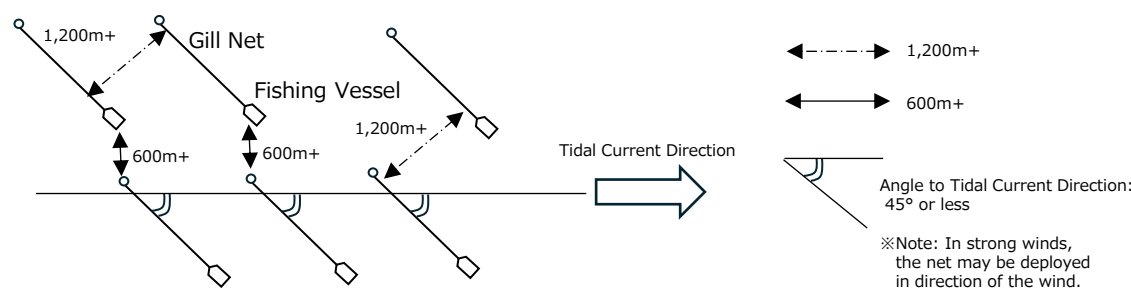

Several incidents have occurred in which vessels navigating through the waters have cut through drift gill nets and damaged or severed fishing gear. In 2025, such incidents occurred at the locations shown on the map below.

When navigating in or near these areas, maintain a proper lookout and take early action to avoid fishing vessels and their nets.
